

INDIANA OPTOMETRIC LEGEND DRUG CERTIFICATE INSTRUCTIONS

APPLICATION FEE: \$20.00

Please make your check or money order payable to the Indiana Professional Licensing Agency.

Applicants must have an active Indiana Optometry license before they can obtain an Indiana Optometric Legend Drug Certificate.

To obtain an Optometric Legend Drug Certificate, an optometrist must complete the following:

1. An Indiana Optometric Legend Drug Certificate Application.
2. Submit a fee of \$20.00. Please make your check or money order payable to the Indiana Professional Licensing Agency.
3. Provide proof of education in ocular pharmacology from a school or college of optometry or medicine, approved by the Indiana Optometry Board, by providing a transcript of your course work from the institution.
4. Provide a score report certifying successful completion of the Treatment and Management of Ocular Disease (TMOD) examination administered by the National Board of Examiners in Optometry (NBO).

Positive Response: If you have given a positive response to any of the questions pertaining to past disciplinary or legal action, you must supply a notarized statement with your application as requested. If you answer positive to any of the questions the Indiana Optometry Board must review the application before a permit can be issued.

Please mail your completed application, payment and documentation to:

**Indiana Professional Licensing Agency
402 West Washington Street, Room W072
Indianapolis, Indiana 46204**
